Your membership dues help the association to provide you with a membership directory, website, newsletters, and mailings. This year we have renewed and replaced the statues on St. Armands Circle, worked on the Barrier Island chapter of the City's comprehensive plan, worked with the St. Armands Merchants on the new crosswalks, worked with city officials regarding burying the power lines along John Ringling Blvd., met with developers regarding new projects on the barrier islands, fostered the traffic calming program, added additional royal palms for the tree canopy program, and improved the association's website (www.starmands.org)
